

EXPORT PRICE LIST 2018

- **The following prices are net export prices in € for customers outside the EU (19% VAT excluded), plus shipping costs.**
- **We deliver against prepayment (payment in advance). You can pay in cash in our business premises or by bank transfer.**
- **We ship free of charge worldwide from an order value of 3.500 €. For orders under these amounts Alpha Photonics Ltd & Co KG charges shipping costs which are based on our shipping costs table.**
- **If your order is combined with a term of delivery, Alpha Photonics Ltd & Co KG is charging a 50% down payment of the total amount of your order if not differently agrees. Products or components which are ordered on customers demand are not a subject of the right of return.**
- **All regular articles have a 14 days right of return and 5 years guarantee, with a service address in Germany! Except image intensifier tubes, night vision devices and thermal vision devices marked as *Commercial Grade (CommGrade)* models, these products are covered by the regular 2 years guarantee.**
- **Valid from 2018-09-01 to 2018-12-31, please contact us after this period for updated information.**
- **Further particular information about business processing you will find in the General Conditions of Business of the Alpha Photonics Ltd & Co KG.**
- **Disclaimer: Please note that night vision riflescopes and thermal vision riflescopes are classified as prohibited weapons in Germany. Therefore, the supply of customers in Germany is not possible. The delivery to foreign countries depends on the Export Administration Regulations of Germany. We strongly recommend the potential customer to clarify with the local authorities of the respective country by inquiring information about the classification of products by law to avoid aggravating circumstances and unnecessary burdens for both sides.**
